## Unemployment Bulletin

### Disaster Unemployment Assistance available in parts of North Carolina

**SITUATION:** In a press release dated September 18, 2018, the North Carolina Division of Employment Security (DES) announced Disaster Unemployment Assistance (DUA) has been made available in the following 18 counties: Beaufort, Bladen, Brunswick, Carteret, Columbus, Craven, Cumberland, Duplin, Harnett, Jones, Lenoir, New Hanover, Onslow, Pamlico, Pender, Robeson, Sampson, and Wayne. Additional counties may be added as recovery efforts continue. Should coverage be expanded, we will communicate that to you as it becomes available.

**WHAT YOU NEED TO KNOW:** Hurricane Florence began affecting the above counties on September 14, 2018. A Presidential declaration of disaster was put into effect making DUA funding available. The deadline for filing a DUA claim for these counties is broken into two deadline tiers:

The deadline for filing a claim is **October 17, 2018** for the following 8 counties: Beaufort, Brunswick, Carteret, Craven, New Hanover, Onslow, Pamlico and Pender.

The deadline for filing a claim is **October 18, 2018** for the following 10 counties: Bladen, Columbus, Cumberland, Duplin, Harnett, Lenoir, Jones, Robeson, Sampson, and Wayne.

After these dates, the claim will not be considered timely and will not be honored. Claims are being taken by the DES at <https://des.nc.gov/des> or by calling 866/795-8877. Please note that in preparation for a previously planned modernization, the agency's current system will be offline from 5:00pm on September 24, 2018 through 8:00am on September 28, 2018.

More information on this recent DUA declaration can be found on the DES website at:

Disaster Unemployment Assistance (DUA) is a partnering program between the USDOL and FEMA to provide funds to state UI agencies for the payment of UI benefits under certain circumstances. It provides disaster unemployment assistance to individuals who have lost employment as the result of a major disaster and are NOT otherwise eligible for regular UI benefits.

Individuals are eligible if they lived, worked, or were scheduled to work in the affected areas and:

- No longer have a job or place to work; or
- Cannot reach the place of work; or
- Cannot work as the result of damage to the place of work; or
- Cannot work due to injury sustained in the disaster
- Became the breadwinner or major supporter of a household due to the death of head of household resulting from the disaster

DUA benefits are only payable during the Disaster Assistance Period (DAP) not to exceed 26 weeks. The weekly benefit amount for which the person may be eligible is determined by the governing laws in the state in which the claim was filed. Any benefits claimed under the DUA program are 100% federally funded which means employers' UI accounts will not be charged. While employer chargeability for regular UI that is related to a disaster varies from state to state, North Carolina statute provides for relief of charges to affected employers. **This relief of charges provision does not apply to reimbursing employers. As with all UI claims in North Carolina, regular UI claims filed as a result of this disaster will be subject to a 1-week waiting period.**
