Unemployment Bulletin

Disaster Unemployment Assistance available in parts of Indiana

SITUATION: In a press release dated May 9, 2018, the Indiana Department of Workforce Development (DWD) announced Disaster Unemployment Assistance (DUA) has been made available in the following 9 counties: Carroll, Clark, Elkhart, Floyd, Harrison, Jefferson, Lake, Marshall, and St. Joseph.

WHAT YOU NEED TO KNOW: Severe storms and flooding affected these areas between February 14, 2018 and March 4, 2018. A Presidential declaration of disaster was put into effect making DUA funding available. The deadline for filing a DUA claim for these counties is June 11, 2018. After this date, the claim will not be considered timely and will not be honored. Claims are being taken by the DWD by visiting the Uplink Claimant Self-Service System at www.uplink.in.gov/CSS/CSSLogin.htm and by filing DUA claim forms, which are available at www.in.gov/dwd/dua.htm.

More information on this recent DUA declaration can be found on the DWD website at: <https://content.govdelivery.com/accounts/INDWD/bulletins/1ef0342>

Disaster Unemployment Assistance (DUA) is a partnering program between the USDOL and FEMA to provide funds to state UI agencies for the payment of UI benefits under certain circumstances. It provides disaster unemployment assistance to individuals who have lost employment as the result of a major disaster and are NOT otherwise eligible for regular UI benefits.

Individuals are eligible if they lived, worked, or were scheduled to work in the affected areas and:

- No longer have a job or place to work; or
- Cannot reach the place of work; or
- Cannot work as the result of damage to the place of work; or
- Cannot work due to injury sustained in the disaster
- Became the breadwinner or major supporter of a household due to the death of head of household resulting from the disaster

DUA benefits are only payable during the Disaster Assistance Period (DAP) not to exceed 26 weeks. The weekly benefit amount for which the person may be eligible is determined by the governing laws in the state in which the claim was filed. Any benefits claimed under the DUA program are 100% federally funded which means employers' UI accounts will not be charged. While employer chargeability for regular UI that is related to a disaster varies from state to state, Indiana statute provides for relief of charges to all affected employers. **This relief of charges provision also applies to reimbursing employers. As with all UI claims in Indiana, regular UI claims filed as a result of this disaster will be subject to a 1-week waiting period (if not already served in his/her current benefit year).**

ACTION STEPS: More information on the DUA program can be found at: <http://workforcesecurity.doleta.gov/unemploy/disaster.asp>

It bears repeating that the deadline for filing DUA claims related to storms in the above listed counties is June 11, 2018.
