## Disaster Unemployment Assistance available in parts of North Carolina

**SITUATION:** In a press release dated May 11, 2018, the North Carolina Division of Employment Security (DES) announced Disaster Unemployment Assistance (DUA) has been made available in the following 2 counties: Guilford and Rockingham.

**WHAT YOU NEED TO KNOW:** Severe weather and a tornado impacted this region on April 15, 2018. A Presidential declaration of disaster was put into effect making DUA funding available. The deadline for filing a DUA claim for these counties is June 9, 2018. After this date, the claim will not be considered timely and will not be honored. Claims are being taken by the DES via phone at 866/795-8877 Monday through Friday from 8:00am – 5:00pm.

More information on this recent DUA declaration can be found on the DES website at:

Disaster Unemployment Assistance (DUA) is a partnering program between the USDOL and FEMA to provide funds to state UI agencies for the payment of UI benefits under certain circumstances. It provides disaster unemployment assistance to individuals who have lost employment as the result of a major disaster and are NOT otherwise eligible for regular UI benefits.

Individuals are eligible if they lived, worked, or were scheduled to work in the affected areas and:

- No longer have a job or place to work; or
- Cannot reach the place of work; or
- Cannot work as the result of damage to the place of work; or
- Cannot work due to injury sustained in the disaster
- Became the breadwinner or major supporter of a household due to the death of head of household resulting from the disaster

DUA benefits are only payable during the Disaster Assistance Period (DAP) not to exceed 26 weeks. The weekly benefit amount for which the person may be eligible is determined by the governing laws in the state in which the claim was filed. Any benefits claimed under the DUA program are 100% federally funded which means employers' UI accounts will not be charged. While employer chargeability for regular UI that is related to a disaster varies from state to state, North Carolina statute provides for relief of charges to affected employers. **This relief of charges provision does not apply to reimbursing employers. Any claims for regular UI filed as a result of this disaster will not be subject to the required a 1-week waiting period.**

It bears repeating that the deadline for filing DUA claims related to storms in the above listed counties is June 9, 2018.
